

MarketIQ for corporate finance

Transforming business and financial information into true market insight

Experian MarketIQ is the essential market intelligence platform for accountancy firms, professionals involved in mergers and acquisitions (M&A), and other corporate and public sector organisations requiring direct access to comprehensive and high quality business and financial data.

Experian MarketIQ reveals new layers of market insight by combining Experian's market leading business, financial and risk databases – all on a single platform. This enables you to be even better informed, even more confident in your decisions, and ready to make the most of all opportunities the moment they arise.

Unique depth and breadth of data

The platform incorporates the UK's most complete and up-to-date global M&A database, the Experian National Business Database, and Experian's risk and financial databases. Using sources such as Director and financial information from Companies House, this unique combination of high quality company, financial and corporate transaction data provides a clearer, more accurate and complete view at a market, company or individual level, including:

- Insight into a business's financial stability and payment profile, using Experian Commercial Delphi credit ratings and risk scores, payment performance data, and a full 12 month risk history based on credit profiles
- The most complete UK and international deals database, including UK Deal ratios
- A fully up-to-date library of Companies House scanned documents.

Single web-based platform

Experian MarketIQ enables access from anywhere and on a range of devices, meaning remote or mobile workers can always get the information they need, when they need it, through sophisticated features such as:

- 'Quick Search' for quick, easy and intuitive searches of company information
- An intelligent search function that can include searches on owner-manager data, along with customisable search criteria
- Advanced search – with a range of options for reference data view, extraction and analysis
- Improved graphical data visualisation
- Web access, including iPad compatibility.

“Experian MarketIQ is a single, intuitive, market intelligence platform that reveals new layers of market insight in an easy and accessible way.”

Accessible and intuitive

The platform's intuitive interface with intelligent search and analysis functions makes it easier to target, profile, monitor, track, analyse and compare businesses based on accessing new layers of detail across a range of parameters.

Stay informed

Real time alerts and reports on your target markets and segments deliver the very latest information to whoever in your business needs to receive it, the moment it becomes available.

Specialist support and advice

As well as a dedicated Account Manager, you have direct access to Experian MarketIQ product specialists and research analysts committed to helping you make the most of the detailed insight available.

How can it help you?

Experian MarketIQ is an essential business intelligence platform for any corporate finance practice involved in M&A activity, and wanting to make the most of M&A opportunities as they arise.

Compare valuations

Provide better advice on business valuations by making detailed comparisons with recent deals based on accurate, pre-calculated deal ratios.

Monitor active buyers

Find acquisitive trade or private equity buyers by monitoring sectors and locations so you know who is currently active in each segment.

Track the key players

Grow your practice more efficiently by tracking known or unknown active buyers and advisors. Set up alerts so you are notified the moment something happens, and your business development teams know which businesses and people are prime targets to contact.

Analyse more deeply and broadly

Improve the effectiveness of your due diligence with much deeper financial data and real-time risk profiling. Gain direct access to original scanned Companies House documents, and leverage director and corporate tree information for deeper market-based insight.

Target deals

Increase your deal origination by targeting and profiling potential acquisition targets using the platform's intelligent search options. Research firms with positive or negative growth patterns, identify possible succession issues through age profiling, source turnaround situations by targeting businesses with increasing risk profiles, or target secondary buyout opportunities by focusing on PE-backed companies.
